Flag Banners

» At 9 feet tall, these beautiful flag banners can't be missed! The ground spike included allows the graphic to naturally rotate in the wind.

» Available in 3 styles!

- Feather
- Straight
- Teardrop

*1-sided graphics are visible from both sides because the die sublimation print process bleeds thru to the other side of the fabric, though, this will likely not be readable.
**2-sided graphics contain an opaque liner allowing both sides of the graphic to be read properly.

Two great companies, now combined.

JW Signs is now part of GraphX Direct, officially uniting January 1, 2019.

GraphX Direct and JW Signs have been operating under the same ownership since 2016, sharing production staff and technology to service two slightly different markets of end users.

For over 25 years JW Signs has been manufacturing signs and providing sign placement services for the real estate industry of northeast Indiana.

GraphX Direct has been providing large format printing and graphics to companies in northeast Indiana since 2000. Delivering fast service for unique one-of-a-kind print projects.

Thank you for your continued business,
Jason Price
